XtremeFlow™  
Single Engine / Gasoline

### CWJ2 Cold Water Jetter II - Premium Jetter

HotJet's Xtreme Flow Drain Line Jetters are engineered for the Professional Rooter and Plumber Companies and Smaller Cities. Are Jetters are built to tackle the toughest blockages and asy to operate and priced right! This jetter will handle small lateral lines with the jumper hose assembly as well as larger lines up to 12". This Jetter Includes our exclusive engineering features and the best warranty in the industry!

**Trailer Colors**

- Red
- Black
- Blue
- Safety Yellow

Model # CWJ2TA8536

**Arrives Fully Loaded and Turn Key Ready.**

#### Model # CWJ2TA8536

##### Key Specifications

- Output 8.5 GPM
- PSI 3,600 PSI
- Engine 35 HP Vanguard
- Drive Triple V-Belt
- Trailer Size 5' X 12' Deck
- Trailer Tandem Axle
- Axle Rating 2 X 3,500 LB.

#### Model # CWJ2TA1030

##### Key Specifications

- Output 10 GPM
- PSI 3,000 PSI
- Engine 35 HP Vanguard
- Drive Triple V-Belt
- Trailer Size 5' X 12' Deck
- Trailer Tandem Axle
- Axle Rating 2 X 3,500 LB.

### Exclusive Engineering Features

#### Dual Filter Intake System

We pre-plumb the pump intake so the draw water from the tank is dual filtered - one 80 mesh filter and the other a 50 mesh filter to protect the pump. This has proven to dramatically increase the pump life and reduce down time.

#### Pump

The main pump we use are General Pumps. General Pumps is a division of Interpump Group - they also build the Pratisoli line of pumps which are used by the "Monster size" jetting companies. The General Pump is a superior pump - we have literally 1000's in service worldwide. We also back the pump with a 10 year warranty.

#### Full Remote Control

For safety and convenience, this unit features engine on/off and operates up to 300 feet.

#### Pump Saver System

We engineer all jetter trailers with our "pump saver system" - that when the hose flow is released - the bypass water re-circulates back to water tank. This keeps the head of the pump cool extending its life substantially.

#### TBDS™ (Total Belt Driven System)

All components are belt driven. The pump is Triple-V-Belt Driven. Belt driven reduces vibration and allows the pump to run at 1/2 RPM. This extends operational life, especially vs. direct gear driven power plants.

#### Chemical Application System

The equipment operator can control the concentration levels at the machine and controls the chemical injection depending on the job needs.

#### Quick Antifreeze System

Our jetter units come with our quick antifreeze system where you close the water supply ball valve and open the antifreeze supply ball valve - then run the machine for 30 seconds and the entire system is antifreezed. To restart the machine recapture the antifreeze in the antifreeze tank, and reattach the jetter nozzle and you are ready to jet!

Cold Water Jetter II - Premium Jetter  
Our most popular jetter Used by professionals around the world

QUALITY • PERFORMANCE • VALUE

CLEANS 2" TO 12" INCH LINES

## BUILT FOR THE PROFESSIONAL

This is our most popular jetter trailer package for the Professional Rooter Plumber Companies and Smaller Cities. This jetter trailer is a super combination of high PSI (3,600) with great output GPM (8.5) (or 10.0 GPM @ 3,000 PSI) to clean nearly any blockage in lines up to 12". Super price competitive and looks better than units that cost 2x's the price! Super dependable Vanguard Power Plant (Made by a division of Toyota) - combined with General's Premium Emperor Series Pump is a bullet proof engineering design. Add the Jumper Hose Reel for laterals and this unit becomes 2 jettters in one! With the Warthog nozzle this unit has plenty of power to cut roots and nearly any blockage.

### STANDARD FEATURES

- Rear LED Lighting
- Front Diamond Plate Tool Box
- Safety Strobe Light
- Chrome Wheels
- Fill Hose Reel
- 100' HD Fill Hose

### EXCLUSIVE ENGINEERING FEATURES

- Antifreeze System
- Twin Filter System
- Pump Saver System
- Soap Injection System
- TBDS (Total Belt Driven System)
- Low Water Shut Off

### TRAILER SPECIFICATIONS

- Rugged, Specially Designed Compact Trailer
- Diamond Plate Floor 5ft. x 12ft. Deck
- 330 Gallon, Poly Water Tank with Plumbing
- 2" Fill Stand Pipe with 100 feet Fill Hose
- 2 5/16" Ball Required on Tow Vehicle
- DOT Lighting with round 7 way connector
- Dual Axel Electric Brakes
- Chrome Wheels & Rear Lighting Included

### PUMP & ENGINE

- 35 HP Vanguard Motor with Electric Start
- Battery & Battery Box
- Rear Mounted Throttle Control
- General Belt Drive Ceramic Plunger Pump
- 14 Gallon Fuel Tank

### STANDARD JETTER ACCESSORIES

- 1 - 12 Volt, Single Speed Electric Hose Reel
- 1 - 300' 3/8" Low Friction Sewer Hose
- 1 - Vacuum Pump Assembly
- Adjustable Pressure & Flow with Throttle Control
- Pulsation Controls - Hammer Valve
- Ball Valve Water Flow Operation
- 3 - 3/8" Sewer Nozzles, 1 Ram, 2 Laser

### OPTIONS / UPGRADES

- Upgraded hose reel(s) with variable speed and guide arm available with thumb control
- Side Signage Or Side Tool Boxes
- Solid State Remote
- Warthog Nozzle
